

Working in relationship with biodynamic preparations, living forces, beings and the future of our nutrition

4-6 March 2022 (Friday evening to Sunday lunchtime)

@ Christian Community, 73 Cainscross Road, Stroud, Gloucestershire, GL5 4HB

The Experimental Circle/ Agriculture Section UK invites you for a weekend to deepen our understanding of our work with the preparations and nutrition.

Are Thoresen - active spiritual researcher, author and veterinary doctor with lifelong clairvoyant faculties, will bring his insights into such questions and others of an esoteric nature.

Does the attitude with which we make or use the biodynamic preparations affect their quality and living forces? The animal organs, which make up the sheaths of the biodynamic preparations, have functions in the living animal.

How can we understand these functions in relation to the qualities the preparations bring to the health of the land and to nutrition? Also in relation to aspects of Emerson's book "Death of nutrition", and how we can christianise the elemental beings in agriculture, and also transform the Ahrimanic forces of the earth.

A quote from Are Thoresen's recent book may be relevant:

'Experiences from the threshold and beyond'.... "Even the slightest progress on the spiritual path, will be in vain if the motive is to further our own progress and knowledge of the spiritual world, or if we are driven by vanity.... People who have grasped the need for spirituality... will carry over the knowledge presented... creating a new culture of spiritual and brotherly love".

This workshop is intended for those already working with the Agriculture lectures and the preparations and or familiar with Anthroposophy.

Friday evening talk is an introduction as well as a stand alone talk – please feel welcome to come for just that. 7:30- 9.00 – (no booking needed for the Talk only)

Cost: £10 for Friday evening only - £120 for full weekend including meals

Accommodation is not included – see list for suggested local non-official B&Bs attached

Bookings.- please use the link here for your booking and payment

<https://bit.ly/3qWGY1j> – please book by 15th February

Or contact the BDA office: office@biodynamic.org.uk, or if necessary ring 01453 759501

Bursaries or reduced costs possible if needed - please contact Gabriel Kaye at the BDA - gkaye@biodynamic.org.uk

PS in case of cancellation by the BDA all payments will be refunded
